QUESTIONS
FOR
FTC 01-25

1. Question: Our question is in regards to the solid surface countertops to be bid as an alternate. It has been brought to our attention that there could be a ten thousand dollar (\$10,000) price variance for the solid surface countertops based upon color selection. Has a color been chosen at this time? If not, what color range should be used for bidding purposes?

Answer: The counter tops, (and toilet partitions), will be selected from the manufacturer's standard colors, and not from manufacturer's full line of colors, as stated in the spec section 12340, 2.2, B 5.

2. Question: In reviewing the bid documents for the above referenced project we have not found a wage rate for structural ironworkers that covers division 5 of the specifications. We have the Davis-Bacon Wage Determination GA010078 dated 3/02/01 and the Davis-Bacon Wage Determination GA010078 dated 8/17/01 that replaced it in Addendum #5. Can you please furnish the hourly rate for Ironworkers for this project.

Answer: Please see FAR 52.222-6, David-Bacon Act. The successful contractor, if using a class of laborers or mechanics not listed on the applicable wage determination, shall submit an SF 1444, Request for Authorization of Additional Classification and Rate, found at Section J, Attachment #31, to the Contracting Officer.
